## GENERAL KUROPATKIN HAS ADVANCED HIS CENTER ARMY

### St. Petersburg Somewhat Reassured, Though Regarding the Situation as Still Critical. No Relief for Port Arthur.

St. Petersburg, Oct. 18.—2:10 a. m.—The news from the front is more reassuring from the Russian standpoint. The situation is not improved, but General Kuropatkin is apparently leading the Japanese firmly and he center and right wing, east has ing retreated on Sinsiatse river, and while there are rumors of strong Japanese forcing movements both on the west and on the east, there is no evidence that they are actually occurring.

General Kuropatkin's left has been heard from. The authorized Press has the following corrected report of the three days' fighting in front of Tunsi: "Last Saturday passed, resulting in the general withdrawal of the strong Russian left wing and here next to join the Japanese right, though General Kuroki seems to have actually penetrated a considerable distance inside the Russian line. The report of the movements of the Russian left wing is of a three days old and since then no news has been received from this column. The situation at this date may be described as follows:

**Center Slightly Advanced.**

General Kuropatkin has slightly advanced his center, occupying Shaitse, south of the Shaitse river. Directly behind him, at a distance of nine miles, are the Yentai coal and iron mines, and beyond spanning this stream the Russians must retire if they are forced to Mukden. General Kuropatkin must continue to firmly hold his center and right flank in order to prevent the complete pushing back of the Russian

## RUSSIANS TAKE GUNS

ENTRENCHED TWO MILES BACK OF CENTER AND CAPTURED AT TUNSI AND PENSOUSE. TENTH DAY OF BATTLE.

Mukden, Oct. 17.—1:15 p. m.—The Japanese forces in all evidence this morning penetrated the Japanese center and it is reported, occupied 11 or 12 guns and the prisoners east of the railway. Yet another report places the day

Hostilities elsewhere today have been quite unimportant.

The Japanese after a terrific battle yesterday, were compelled to retire owing their whole line filled with dead Japanese dead. In one interesting Japanese trench there were counted 60 corpses of the Japanese.

In spite of their losses the Japanese were undaunted. They have brought up siege guns and have left no stone unturned to maintain the mastery of the situation. Every step the Russians have pushed forward today has been in the face of a resistance that has cost the Russians dear. The Japanese seem to be willing to fight until they are annihilated. Tomorrow will be the tenth day of the battle.

Throughout the whole of Mukden there can be distinctly heard cannonading in the south, which is raging most furiously. Clouds of black smoke, which is now attacking on the second week. The country north of the battle, especially near Shaitse, has not of the minds of the soldiers all thoughts of personal safety, and the troops live in an atmosphere of sudden death now but of thought save to conquer. [illegible] on both sides have been enormous, but this is forgotten in the struggle for supremacy. Each army [illegible] each other, the fighting still continues [illegible]

STICKS OF THE EXPLOSIVE FOUND ON SHORT LINE TRACK NEAR SUMMIT, CAUSED A SCARE.

Special to the Gazette.

Cripple Creek, Oct. 17.—The finding of several sticks of dynamite under the wheels of the Short Line train near Summit caused considerable alarm to the Short Line officials and officers of this county, but after a thorough investigation into the matter by both railroad officials and the sheriff, it is believed that the sticks were left there by one of the section men and that some boy setting along the track had placed the sticks of powder about in this manner because the men and section tools undermine that is where they [illegible] easier there than anywhere else.

# DELEGATES RETURN FROM THE BIG ENDEAVOR CONVENTION

The Sixteenth annual convention of the Colorado Christian Endeavor union closed on Sunday evening and Monday morning the delegates from all over the state returned to their homes assured that the convention was the best one ever held. The program committee, of which President Chapman of this city was chairman, was congratulated again and again upon the excellent work in preparing for the state rally or treat.

An address by Dr. Wilson Seabrook at a Christian Citizenship rally on Sunday afternoon on "Law Enforcement" was cheered vigorously. It was one of the most masterly addresses delivered.

Dr. Seabrook appeared for the first time in a Colorado Christian Endeavor convention and it was the long service he had won the hearts of the young people.

Treasurer Shaw of the United Society of Christian Endeavor was on hand from Boston to all. No man with the exception perhaps of Dr. Clark is so active in the work of the great world wide movements on hand.

Miss Florence Denning, a native of Jerusalem, Palestine, illustrated Bible customs greatly to the edification of a large audience every time she appeared. Her vivid portrayals of life in the birthplace of Christ are unequaled and her faculty of making plain many passages of scripture remarkable. As a result of her work at the convention she was booked for entertainments in several parts of the state before the convention ended.

On Saturday evening at the close of the annual address by President H. B. Chapman which ended four years of service as president of the state union he was presented with a beautiful gold watch as a tribute of the respect with which his co-workers hold him. The presentation was made by Mr. James D. Hunter, vice president of the state union from Cripple Creek.

Miss Anna M. Troxel of Colorado Springs, was elected recording secretary and Miss Inez Smith, superintendent of the central district. Miss Ina M. Carnes of Manitou, was elected superintendent of the missionary department.

After repeated requests by Mr. Chapman that the convention should relieve him from the connection with the executive committee of the state union he was unanimously elected president for another year.

Mr. [illegible] Spalding was re-elected field worker, was elected vice president and Mr. James D. Hunter, of Cripple Creek, was elected vice president of the World's Union of Christian Endeavor.

## Roswell Suspect Proves to Have Been an Innocent Railroad Man.

The police department has so far been unable to arrest the stranger who held up the saloon of Patterson and Fitzgerald, the Bijou confectionery store, as well as the two belated travelers on the Manitou street viaduct, of Sunday night.

The suspect who was located at Roswell after several days' search, proved to be an innocent railroad man and no effort was made to hold him. The man, however, answered the description of the highwayman in many respects and the police officers were obliged to release him.

It is hardly possible that the unwelcome visitor is still in the city, but the officers are out with their drag-net for every stranger to do any way answer the description of the holdups. The departments of Denver, Pueblo, Colorado Springs and others in this portion of the state have a full description of the men and their officers are on the lookout for him.

### READ WHAT A MINISTER OF THE GOSPEL SAYS:

From the Study of REV. O. A. SMITH,
Secretary of the Church of the United Brethren in Christ in Colorado.

THE BENSONIZER CURE, 125 North Weber Street,
Colorado Springs, Colo., Feb. 12, 1903.

Dear Doctor—As one who has given all of my life thus far to the suffering of the conditions of humanity, I ask you to publish in the papers of our city and other cities, if you deem so to do, the following letter, that all who may be afflicted as I have been may know of the great things that have been done in your establishment.

I believe that it is one of the many means of serving our Lord to tell the good news of healing for the body, as truly as to proclaim the gospel from the pulpit. So I say, proclaim the glad tidings that all who suffer from the ravages of the "White Plague," as I have, may be so fortunate as I have been and come to the fountain of life.

Just a few words as to my former condition. Eight years ago last May I was prostrated with a severe attack of La Grippe. My physician said that I had quick consumption. After about four weeks however, I rallied from this condition to the extent that I could perform my duties by sheer will power. The condition in which I lived from that time until I went to your office, two months ago, is too dismal to relate. Suffice it to say, when I came to you I had simply given up all hope. The climate of Colorado, which I had tried for six years, had lost its taxing influence (as it eventually will to every case), and I was [illegible] rapidly [illegible] for [illegible] from day to day, trying as best I could to arrange my affairs so that when the grim reaper gathered me in I would be prepared to meet my fate.

But on December 6, 1902, when I began treatment with the Bensonizer, all these sorrows left me. At that time I was not able to speak in public for thirty minutes without my voice failing me. Within three weeks I could speak as clearly and with as much ease as ever.

When I came to your office the first time the physicians found in "Tubercular Bacilli" in the sputum. On February 6, 1903, just sixty days after my first examination, he was unable to find any bacilli whatever. In my first examination "Elastic Fibers" were numerous. In my last report, at the end of 60 days, there was none to be found.

What is my condition today?

FIRST—My face has been turned away from the grave, into which I was surely and rapidly marching, and I now can look my wife and child in the face and know that they are not to be left alone to meet the trials of life.

SECOND—There is no tubercular poison in my system.

[illegible] I am a stranger to a cough or tickle. It is healed and is sound.

These are my reasons for writing this letter, and dear afflicted one, are not the reasons above sufficient grounds for gratitude? Think of it! Saved from a premature grave! Saved to my family! Saved to my chosen profession! Who does not desire the same marvelous experience?

Oh! that I might, by word or pen, reach the ear of every unfortunate consumptive and turn them to the source of all healing, The Bensonizer.

Doctor, if you know of any one who are helpless or doubting, send them to me. I want to tell them of what a WONDERFUL CURE you have performed in my case. AND ALL IN SIXTY DAYS. A [illegible] in the beginning of this letter, "As one who is interested in the betterment of the conditions of humanity," I want to tell of these marvelous cures until every poor sufferer will no longer despair, but find health, hope, life and happiness—as I found it. God bless you in your labor of love. Very truly yours,

REV. O. A. SMITH.

P. S.—I forgot to mention the very important fact that two of my sisters died at home in Michigan with rapid consumption, and that the third one is now here under your treatment and gaining as rapid in every way as I have.

O. A. S.

### HIS DUTY TO SPREAD GLAD TIDINGS.

The following two letters from Mr. William Lee, [illegible] wonderful cure. He suffered from hemorrhages before coming to Colorado, and since he began the treatment he has had no sign of blood in the sputum.

He began improving from the first day. [illegible] was hardly able to walk to our office. Read the second letter and see what wonderful gain he was able to perform within 60 days from the time he began this wonderful treatment. Mr. Davis is 62 years old.

[illegible] N. Cascade Ave.
Colorado Springs, Colo.
November 3, 1903.

My Dear Doctor—In May I began coughing and gradually lost health until about a year ago, and I had to give up work, and then my home duties entirely and be laid up. I very reluctantly left my old home at Sullivan, Ind., and came here.

Leaving family and friends with all the home ties to come here seeking health is not a very pleasant move. Many of my friends on my good-bye never expecting to see me again. I arrived here and soon found that there were people getting cured by the BENSONIZER CURE. I concluded to try same and am happy to say that in less than six weeks my cough was stopped and now [illegible] I am [illegible] gaining flesh and feel as well as ever. I shall be glad to give every one my experience. Send any sufferer here, [illegible] possible to me. I consider it my Christian duty to spread the glad tidings that there is at last a cure for the "White Plague."

Yours truly,
WILLIAM H. DAVIS.

### MR. DAVIS' SECOND LETTER.

Colorado Springs, Colo.
January [illegible], 1904.

Dear Doctor—I thought I would write a letter to let you know how I am getting along. Well, I am all right. I don't believe that the City Chemist could find any consumptive bugs in me now, because I don't raise any more sputum. This climate is much better than it is at the Springs. It is much warmer. And I believe I shall come back there before long. Well, I walked to what they call the Royal Gorge last Tuesday, twelve miles there and back, and yesterday I walked to Brookside, ten miles and back. So you can see I am getting all right. Give my love to all your patients I see when I get over there and my prayer is that they will improve as rapidly as I have. Your friend,

WILLIAM H. DAVIS.

Mr. Davis has removed to the Springs and can be seen at his home, 307 N. Cascade Avenue.
